- Understanding The Methodology Of Identifying Occupational Competencies Of Construction Personnel & The Approach In Developing The Courses Of Study For The Construction Personnel.
- Highlighting On The Importance Of Accreditation & Regularisation Of Construction Personnel For Project Excellence.

Special Workshop Session By Invitation Upon Request

On First Come First Served Basis, Organisations Or Institutions Of Higher Learning May Request To Attend *Special Workshop Session With Mr Peter Ramsay-Dawber, Vice CIOB Accreditation Panel, The Chartered Institute of Building, United Kingdom For Detail Deliberation On Specific Accreditation & Assessment Needs Of Construction Related Qualifications, The Certificate Of Site Supervisory Studies, The Diploma In Site Management & the Graduate Diploma Programmes. Only Two (2) Hours Have Been Allocated For Each Of The Workshop Session.

* CIOB accreditation is an internationally recognized seal of quality assurance for the teaching institute and the gold standard of educational programmes in the built environment. The award of accreditation signifies that both the teaching institute and the programme have met the highest standards of quality.

The CIOB accreditation process aims to forge and develop links with teaching institutes and industry partners to promote best practice in education and in the industry.

The CIOB accredits Foundation, Undergraduate and Post-Graduate programmes which match the requirements of the CIOB Education Framework

Students of accredited programmes can be assured that their chosen programme meets the highest academic and vocational standards.
